Your Holiness, time is urgent, with every passing day the issue I am about to discuss is of paramount importance, yet, touching the very fabric of our beloved Faith, The Roman Catholic Church, the clergy, the people of faith, the very fabric of our existence, yet, the path defined by the Divine, while serving God, serving the people.

Your Holiness, your sensitivity about issues, which touch human civilization, often troubling issues, besides good, progressive developments within Church and global progress, as well as the Vatican's sensitivity toward social progress, under aware submission toward higher spiritual sophistication, unity with God, Jesus Christ, de facto, service toward human family we all are, is providing potent platform, essential reference with regard to ideas, as well as dialogue, and solutions we can explore without reservations, artificial barriers, or bias, but will to see and explore certain aspects of human interactions through the eyes of others. By this very act, we participate in the Universal dialogue of ideas, dialogue which can lead in one direction, desired by all, the progress, fulfillment, the journey toward happiness, Salvation, by embracing The Gift, by embracing the Gift with joy, we, at this very moment share on Earth, the gift of life, by embracing the gift with joy, and to allow others to share this very profound, aware sensation, life in vast Universe.

The gift of life, perhaps we will never entirely grasp the whole the spectrum of the unique quality of existence, yet, we shall try, we shall try to embrace The Gift, yet, allow others to embrace the Gift of life, along with the Joy. We are alive in a vast universe, we are, You and I.

I am useless creation under the blue sky, yet, I am being called to rise, from dust to embrace The Gift, the Gift of Life, and I am profoundly grateful for this unique opportunity, profoundly grateful that He gave me part of Himself to enjoy existence, to see, to feel, to think, to perceptually embrace The Gift, life, de facto.

Universe would not be possible without replication, procreation, progression, and projection toward higher-order, yet, in Poland, virtuous souls, who were called to serve God, are denied Universal qualities, natural, Universal narration. Celibacy is prohibiting clergy to enter the service of nation, and humanity via family, their own Universal Gift. Yet, the Gift is denied, the clergy is not allowed to access Universal paradigm, the natural law. The clergy became so loyal to God, that in this very instance, became disloyal to men. This is the **Paradox of Good Intentions** Your Holiness, Pope Francis.

Yet, The Gift oscillate between God and men. God precisely demand from men to serve one another, and, at this very moment, man serves God. Procreation is at the foundation, at the center of God's world. Without procreation, the Gate of Universal Initiation, Creation, would not be unlocked.

Your Holiness, I am asking, humbly, to solve the **Paradox of Good Intentions**, and allow clergy in Slavic nations, yet, around the world to marry and procreate. Poland is indeed in deep crisis at this very moment, depopulation is linked to a few main factors, economic, social reprogramming,

formation of awareness, state-sponsored trafficking, yet, depopulation of Poland is profoundly linked with Celibacy as well. A young men and girls, millions of talented, well ethically formed citizens, well educated, throughout decades, centuries depopulate nation, nation, which stands by the Vatican, the Pope, nation, which never failed, yet, celibacy is causing this very nation to fade away, and disappear.

Your Holiness, time is urgent, with every man and a girl, called to service of God, Poland is depopulated still, yet, Poland is denied, in each boy and a girl, to carry and pass on unique DNA narration, Universal paradigms, a natural law. Your Holiness, please allow clergy to **embrace The Gift**, and to pass it on, and extend the service to God through the narration of DNA.

The Paradox of Good Intentions is solvable, within a reach, **The Paradox of Good Intentions** shall not stand in the way of national survival, **The Paradox of Good Intentions** can be transformed, and teach us, future generations, that the **Universal Paradigm of Procreation**, natural law is, by the very essence, molded by the **Creator** to flourish, eternally, bypassing **The Gift** for next generations.

Your Holiness Pope Francis, Vatican hierarchy, I am asking great hearts and minds of the Catholic Church, to allow Polish, Slavic, international clergy to embrace **The Gift**. Please abolish Celibacy under The National Slavic Roman Catholic Church, as well as around the world, which always stood by St. Peter's Basilica, and will remain, where it's been anchored, yet, Poland needs to solve depopulation issue, the problem of survival of the entire nation, ethnicity, unique imprint, which dwells on this land for 12 000 years, surely longer.

Poland always stood by the Pope, Poland always stood by the Vatican, Poland always stood, even at times, when silence followed melting stones, melting hopes, melting dignity in distress, abuse, Poles stood by their Sheppard, the Pope, the Vatican, Poland stood by God.

Your Holiness, Celibacy is causing depopulation. The problem is so severe, that the Slavic nation is on the verge of extinction.

Your Holiness, let Poles embrace **The Gift** and pass it on the next generations, via DNA narration, beautiful narration between men and the women, Polish, Slavic, international narration of its sons and daughters, let the people to embrace **The Gift and flourish**, according to the Universal paradigm, according to the **natural law**, yet, narration, which has its source in God's heart and mind, narration we can hear in every man, in every woman, narration we can hear in every child, in every human, who was called, in vast The universe, to **embrace The Gift**.

Your Holiness Pope Francis, the Vatican, Cardinals, Bishops, Clergy, Brothers, Sisters, Nuns, People of Living Faith, Thank You and God Bless,
Marek "Mark" J. Wagner

P.S.

The narration of The Gift, DNA narration, is beautifully, poetically described in the Bible:

"And God blessed them, and God said unto them, be fruitful, and multiply, and replenish the Earth".

"LORD God caused a deep sleep to fall upon Adam, and he slept: and He took one of his ribs, and closed up the flesh around it. And the rib, which the Lord God had taken from man, made He a woman, and brought her unto the man. And Adam said, this is now bone of my bones, and flesh of my flesh: she shall be called Woman, because she was taken out of Man."

"Children are the heritage from the Lord, offspring, a reward from him".

Celibacy vs The Paradox of Good Intentions
(Zniesienie Celibatu)

As a man of faith and as a man, who practices actively religious rituals, as a man, who is the product of tradition, as well as modern reality, I came to the conclusion, that **Celibacy** contradicts human nature, and the very act of the creation. Human, by the act of the creation manifest unity of spirit and matter. As long as we live, matter and soul, Divine particle within, is irreversibly blended together.

My intention is not to interfere with religious practices and norms, in this instance, celibacy, yet, this topic needs to be reexamined, I believe.

One of the most important qualities of man, in my opinion, the most important is the emotional sphere, which defines man in every aspect of existence, from religious, spiritual, perceptual, to the very materialistic, existential, including scientific. Most, if not all, decisions we make, have its source in emotions. Without emotions, a human would represent a different state of existence.

Emotions, love, compassion, is profoundly embedded in each and every man. In every man, in every age, and in every woman dwells desire to love and be loved, to express compassion toward another person, to be accepted, and to share our deepest emotional desires, as well as life, day after day.

Love manifests a desire to make someone happy, yet, at the same time, this very person does fulfill his own desire to fulfill emotional space within the fabric, which is present within every human being, emotional space reserved for love and fulfillment.

By the very act of fulfillment, the human being becomes whole, spiritually, emotionally, physically. By the very act of emotional fulfillment, man is approaching the state of happiness, which makes a man a better man.

Divine is the source of the science of love, we shall not forget...

Divine designed and created a man and a woman, in such a way, emotionally and physically, that both complement each other. Man as well as woman, in a relationship, becomes a whole, through emotional and physical blending.

Divine has created man equipped with emotions, the most powerful tool against evil. Evil can not be conquered and defeated by any means, but love, the intelligence of compassion, the intellect of positive fulfillment.

Man alone, in most instances, is incomplete emotionally. Yet, the destiny of man, is the whole man, fulfilled with love and desire to be loved, without it, man has a profound problem to relate to God, who state, time after time, since the beginning of time, that the bridge to Him is via love toward another man. There is no other way, and the way is love, toward another man, man created by the Divine, the very source and inventor of compassion.

The entire World, the Universe is created and procreated by the science of love and the desire to fulfill this desire.

Jesus came to the world to fulfill the destiny of man, the destiny of eternal happiness. Man recognizes different kinds of love, yet, Divine, man, and love are irreversibly blended together. If we will subtract love from the equation, the entire blueprint of the creations would look odd, and unnatural.

If detachment from love and compassion, would result in a moral compromise, then the only prescription would be the moral fulfillment of love, compassion toward another man, as is required by the divine ...

I would not impose on anyone a requirement to get married, yet, I would impose a law which would allow to marrying.

As a person of faith, I would impose the law, which would allow a religious man, in this instance a priest or a nun to be granted with the privilege to get married, to start a family, to have children, and a normal life, at the same time, to fulfill his, her desire to serve the Divine, day after day, by the Altar, and in every obligation he shall to carry, to be true, facing Divine anticipation toward perfection.

Love, by the very nature manifests perfection...

Sincerely,

Zniesienie Celibatu

Jako człowiek wiary i jako człowiek, który aktywnie praktykuje rytuały religijne, jako człowiek, który jest manifestacją tradycji i współczesnej rzeczywistości, doszedłem do wniosku, że celibat, przynajmniej w niektórych przypadkach, jest w sprzeczności z ludzką naturą i z samym aktem stworzenia świata. Człowiek, przez akt stworzenia świata manifestuje jedność ducha i materii. Tak długo, jak żyjemy, świat materialny i dusza, Boska cząsteczka są nieodwracalnie połączone.

Moją intencją nie jest wtrącanie się do ustalonych norm, w tym jednak przypadku, celibat, stanowi temat który wymaga ponownego zbadania i analizy, głęboko w to wierzę.

Jedną z najważniejszych jakości człowieka, moim zdaniem, najważniejszą jakością stanowi sfera emocjonalna, która definiuje człowieka w każdym aspekcie życia, w tym duchowego, religijnego, percepcji, materialistycznego, egzystencjalnego, włącznie z naukowym. Wszystkie decyzje, jakie człowiek podejmuje, mają swoje źródło w emocjach. Bez sfery emocji człowiek stałby się inną manifestacją istnienia, zgoła nie ludzką.

Emocje, zwłaszcza miłość, jest głęboko zakotwiczone w każdym człowieku. W każdym człowieku, w każdym wieku, w każdym mężczyźnie i w każdej kobiecie istnieje pragnienie kochania i bycia kochanym, pragnienie bycia akceptowanym i pragnienie dzielenia się tym najgłębiej zakotwiczonym emocjonalnie pragnieniem wspólnego życia, dzień po dniu.

Miłość przejawia się pragnieniem aby uszczęśliwić drugą osobę, jednocześnie, osoba ta dopełnia się poprzez pragnienie dawania miłości i poprzez spełnienie emocjonalne w przestrzennej tkaninie uczuć, które jest obecne, zakotwiczone w każdym człowieku, zarezerwowane dla miłości i dopełnienia.

Przez sam akt spełnienia miłości, człowiek staje się dopełniony i kompletny, duchowo, emocjonalnie, fizycznie. Przez sam akt emocjonalnego spełnienia, człowiek zbliża się do stanu szczęśliwości, która czyni człowieka lepszym i doskonalszym. Bóg jest źródłem nauki miłości, nie wolno nam zapomnieć.

Bóg zaprojektował i stworzył świat, mężczyznę i kobietę, w taki sposób, emocjonalnie i fizycznie, że tylko poprzez miłość dokonuje się dopełnienie. Człowiek, mężczyzna i kobieta, w związku, dopełniają się, stanowią całość, emocjonalną i fizyczną. Bóg stworzył człowieka, w którym najmocniej zakotwiczył emocje, które są najpotężniejszym narzędziem i obroną przeciwko złu. Zła nie można pokonać inaczej, jak przez miłość, inteligencję współczucia, intelekt pozytywnego dopełnienia w miłości.

Człowiek, sam, bez dawania i otrzymywania miłości, niemal zawsze, staje się niekompletny. Jednocześnie, przeznaczeniem człowieka, jest dopełnienie, dopełnienie miłością i pragnieniem bycia kochanym, bez tego, człowiek ma ogromny problem relacji z Bogiem, który czyni znaki, od początku czasu, że mostem do Niego to miłość do drugiego człowieka. Nie ma innej ścieżki w labiryncie

egzystencji, droga ta, to jest miłość do drugiego człowieka, człowieka stworzonego, uformowanego przez samego Boga, wynalazcy i źródła miłości.

Cały Świat, Wszechświat został stworzony poprzez manifestację nauki miłości, wraz z pragnieniem spełnienia tego pragnienia, i tak się stało. Jezus przyszedł na świat, aby dopełnić (zagrożone) przeznaczenie człowieka, przeznaczenie wiecznego szczęścia, nieba, poprzez miłość.

W ludzkich realiach istnieją różne rodzaje miłości, jednocześnie Bóg, człowiek i miłość są nieodwracalnie ze sobą połączeni. Jeśli odejmiemy z tego równania miłość, cały plan stworzenia przestanie mieć sens w ludzkim i Boskim wymiarze, byłby to świat dziwny, nienaturalny i niebezpieczny.

Jeśli odłączenie człowieka od miłości i dopełnienia, spowodowałoby kompromis moralny i duchowy, to jedyną receptą byłoby umożliwienie dopełnienia poprzez miłość, zakotwiczonej w każdym z nas, tak jak domaga się tego Stworzyciel ...

Byłbym przeciwny narzucaniu komukolwiek wymogu małżeństwa, jestem jednak za tym, ażeby ustanowić prawo akceptacji dopełnienia miłości, poprzez sakrament małżeństwa dla osób duchownych, czyli zniesienie celibatu.

Jako osoba wiary, jako Chrześcijanin, zachęcam do ustanowienia prawa, na mocy którego, osoby duchowne, w tym przypadku księża, mieliby prawo do sakramentu małżeństwa, założenia rodziny, prawa do dopełnienia i normalnego życia, jednocześnie mogąc wypełniać powołanie wobec Boga i ludzi, służenia Bogu, Kościołowi, w każdym dniu życia, w każdym obowiązku, rytuale, aby mogło być prawdziwe, przy Ołtarzu, na ścieżce ku doskonałości. Miłość, z samej natury, jest manifestacją Boskiej doskonałości ...

Z Panem Bogiem,
